President's Message

A HAPPY New Year to all of our members. I hope that the Xmas season has not been too demanding and that you are fit and ready to help with our 2004 programme.

The first few months of 2004 will be busy ones for the group, as we prepare for the Annual Plant Sale. This will involve potting, plant care, labelling and packing, as well as the work of the actual day. We especially thank Ella, who will look after the plants on a daily basis through the summer.

Another event early in the year will be the Valentine's Day Film Show in the park. This is another fundraiser for the group as well as providing some fun.

Financially, the group is in a sound position. This is fortunate as it gives us the ability to buy equipment and supplies when we need them. We have been able to do a great deal over the years as a result of the funds that we have raised.

The membership of the Friends group continues to grow. This is very pleasing as the increased membership allows the load to be spread over more people.

In 2004, our major project will be the building of the traveler's rest at the eastern entry to the park.

This newsletter is shorter than usual as it is more in the nature of a reminder of forthcoming events. A full newsletter with details of the February Working Bee, will be published in late January.
